

CALL FOR PAPERS

ICATARSB 2022
Jul 26-27, 2022
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICATARSB 2022 : International Conference on Advanced Technology in Animals Reproduction and Sperm Bioenergetics is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advanced Technology in Animals Reproduction and Sperm Bioenergetics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Strategies and tools to improve semen cryopreservation
Sperm energy metabolism in cryopreservation

Implications of omics technologies (i.e., lipidomics, epigenomics, proteomics, and metabolomics) in reproductive function
Innovative dietary strategies to improve reproductive function
