

CALL FOR PAPERS

ICBT 2022
Jul 12-13, 2022
Ottawa, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBT 2022 : International Conference on Biotechnology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Biotechnology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Animal Biotechnology
Biocatalysis technologies
Biofuels
Bioinformatics
Biological Systems and Models
Biomaterials
Biomedical and Biological Sensors
Biomedical Data Engineering
Biomedical Image Processing & Analysis
Biopolymers
Bioprocesses; Biocatalysis; and Environmental Biotechnology
Biosafety issues and bioethics
Biotechnological innovations

Body's and Cell's Bio-signatures
Cell and Tissue Culture
Cell Engineering
Computer Assisted Intervention Systems
Design and scale up of bioprocesses
Engineering Models in Bio-Medicine
Environmental Biotechnology
Food Biotechnology and Bioengineering
Genomics
Medical Robotics
Microarray Technologies
Microbial Technology
Modelling and simulation of bioprocesses
