

CALL FOR PAPERS

ICESD 2022
Jul 15-16, 2022
Stockholm, Sweden

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICESD 2022 : International Conference on Ecotechnologies for Sustainable Development is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Ecotechnologies for Sustainable Development. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Ecotechnology	
Ecological engineering and applications	
Ecotechnologies for wastewater treatment	
Sustainable energy and environmental technology	
Ecotechnology and education	
Ecotechnology for atmospheric environment	
Ecotechnology for water environment	
Ecotechnology for 3r: reduce, reuse and recycle	
Ecotechnology for low-carbon society	
Ecosystem creation and restoration/ecological engineering	
Ecosystem services	
Ecological indicators	
	Biodiversity and biological conservation
	Climate change
	Ecological complexity
	Ecological economics
	Ecological modelling
	Biological invasions
	Ecosystem health
	Environmental policy
	Ecological knowledge
	Coastal problems caused by upland pollution sources
	Watershed/river catchment management
