

# CALL FOR PAPERS

**ICWTEC 2022**  
**Jul 15-16, 2022**  
**Bali, Indonesia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICWTEC 2022 : International Conference on Wildlife Toxicology and Emerging Contaminants is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Wildlife Toxicology and Emerging Contaminants. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Emerging contaminants in wildlife toxicology

Wildlife ecotoxicology

Wildlife health and biodiversity

Biodiversity and sustainability

Sensitivity of certain wildlife species

Poisons/pollutants and their action on the environment

Chemical and biological factors

Aquatic pollution

Terrestrial pollution

Air pollution

International regulation
