

CALL FOR PAPERS

ICRESGD 2022
Jul 22-23, 2022
Berlin, Germany

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICRESGD 2022 : International Conference on Renewable Energy for Sustainable Growth and Development is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Renewable Energy for Sustainable Growth and Development. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Renewable energy	Power system technology
Solar energy	Innovations in renewable energy
Wind energy	Sustainable development
Bio energy	Sustainable energy and environment
Tidal energy	Green manufacturing
Ocean thermal	Agricultural sustainability
Geothermal energy	Zero energy building
Small hydropower	Waste management
Hybrid energy systems	Energy management / audit
Applications in agriculture	Energy policies and economics
Storage technology	Energy efficient systems
Grid and off-grid issues	Sustainability in process
Remote area power supply	industries
