

CALL FOR PAPERS

ICBM 2022
Jul 29-30, 2022
Istanbul, Turkey

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBM 2022 : International Conference on Biomechanics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Biomechanics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Angiogenesis/Vascularisation
Applied instrumentation
Aquatics
Biocompatibility
Bio-Engineering
Bioinformatics Engineering
Biolanguages
Biological Systems and Models
Biomaterials
Biomechanics
Biomedical device characterisation
Biomedical Engineering
Biomedical Imaging

Biomedical Sensors
Bio-molecular and Phylogenetic
Databases
BioNano Interface
Bionic Human
Bio-Ontology and Data Mining
Biosensing
Body's and Cell's Bio-signatures
Cancer
Cell Engineering
Coaching Biomechanics
Computer Assisted Intervention
Systems and Robotics
Conducting Polymers
Data Processing Techniques
