

CALL FOR PAPERS

ICAMIC 2022
Jul 26-27, 2022
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAMIC 2022 : International Conference on Advanced Materials and Industrial Chemistry is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advanced Materials and Industrial Chemistry. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Industrial chemistry
Petroleum and organic industrial chemistry
Metallurgical industrial chemistry
Industrial polymers, metals and composites chemistry
Industrial pharmaceutical and cosmetic chemistry
Applied chemistry
Nanotechnology involved in industrial chemistry
Industrial electrochemistry

Industrial photo chemistry
Textile industrial chemistry, textile engineering and apparel industry
Nuclear chemistry in industry
Production of food and beverages
Adhesive industrial chemistry
Industrial processes, white biotechnology and green chemistry
Industrial materials and applications
Chemistry in plastic, glass and leather industries
