

CALL FOR PAPERS

ICLMT 2022
Jul 12-13, 2022
Ottawa, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICLMT 2022 : International Conference on Liquid Moulding Technologies is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Liquid Moulding Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Liquid moulding technologies
Liquid composite moulding
Polymeric systems for liquid
molding technologies
Fundamentals of liquid moulding
process
Liquid moulding reinforcement
materials
Preform design and manufacture

Liquid moulding materials
characterization
Liquid moulding process modelling
Liquid moulding process monitoring
and control
Liquid mould design
Technical cost analysis
