

# CALL FOR PAPERS

**ICAEMEN 2022**  
**Jul 08-09, 2022**  
**Prague, Czechia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAEMEN 2022 : International Conference on Advanced Electronics, Materials Engineering and Nanotechnology is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advanced Electronics, Materials Engineering and Nanotechnology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Semiconductor device physics  
Nano-materials  
Industrial electronics and control systems  
VLSI circuit design  
Micro-electronic device fabrication  
Opto-electronics  
Embedded system design  
Microwave and antenna

Wireless/mobile communication and computing  
Signal and image processing  
Green technology  
MEMS, sensors and IoT  
Bioelectronics and its application  
Robotics and artificial intelligence  
Mechatronics  
Accelerator / LASER technology
