

CALL FOR PAPERS

ICACTST 2022
Jul 15-16, 2022
Stockholm, Sweden

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICACTST 2022 : International Conference on Antigens, Cancer Therapy and Signal Transduction is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Antigens, Cancer Therapy and Signal Transduction. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Antigens and cancer therapy
Neoantigens
Tumor-associated antigens
Tumor targeting
Antibodies
CARs

TRUCKs
Immunotherapies
T cells
NK cells
Signal transduction
