

CALL FOR PAPERS

ICBE 2022
Jul 22-23, 2022
Tokyo, Japan

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBE 2022 : International Conference on Bioengineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Bioengineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Bioenvironmental engineering
Bioprocess engineering
Biomolecular engineering
Nano-biotechnology
Bio-pharmaceutical engineering
Food and process engineering
Agricultural and natural
biotechnology products

Bioinformatics and computer
applications in biotechnology
Biomass and Bio-energy
Biomedical sciences and
engineering
Biotechnology applications in
medicine and health
Biomaterials
Biosensors
Cell Culture Technology
