

CALL FOR PAPERS

ICAMPT 2022
Aug 23-24, 2022
Kuala Lumpur, Malaysia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAMPT 2022 : International Conference on Amorphous Materials and Processing Technology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Amorphous Materials and Processing Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Ceramics Materials Technology
Novel Processing Technology
Advanced Engineering Ceramics and Composites
Electrical and Magnetic Ceramics
Transparent ceramics and luminescent materials
Thin-films, Membranes and Coatings (Nanostructured Ceramics)
Ceramics for Energy Conversion and Storage
Ceramics for Environmental and Energy Applications
Ceramics for Medicine, Biotechnology and Biomimetics
Ceramic and Glass Materials

Amorphous Materials: Common Issues within Science and Technology
Ceramic Matrix Composites
Computational Design of Ceramic Materials
Glass and Optical Materials
Innovative Processing and Synthesis of Ceramics, Glasses, and Composites
Multifunctional Oxides
Phase Transformations in Ceramics: the Present and the Future
Traditional Ceramics
Education in Ceramics
