

CALL FOR PAPERS

ICMEAM 2022
Aug 23-24, 2022
Kuala Lumpur, Malaysia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMEAM 2022 : International Conference on Microwave Energy Applications and Melting is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Microwave Energy Applications and Melting. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Microwaves
H-field
E-field
Hybrid processing
Sintering
Melting
Waste processing

Metals
Ceramics
Polymers
Nanoparticles
Composites
Minerals
Waste processing
