

CALL FOR PAPERS

ICNCPN 2022
Aug 23-24, 2022
Kuala Lumpur, Malaysia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNCPN 2022 : International Conference on Neuro Chemistry and Practical Nanotoxicology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Neuro Chemistry and Practical Nanotoxicology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Studies at cellular and molecular level

Neuro degenerative diseases and their models

Phenylalanine hydroxylase (PAH) pathway

Trans-sulfuration pathway

Trans-sulfuration pathway

Apoptosis

Autophagy

Hyper sensitivity reactions and its deliberate effects

Peripheral immune response

Chronic stress

Traumatic brain injury

Immune dysregulation of the brain

Antidepressant supplements

Long term potentiation

NSAID's and glucocorticoids

Peripheral neuro anatomy

Sensory level stimulation

Sub sensory level stimulation

Motor level stimulation

High pass filtering

Digital sampling

Electro analgesia

Genitourinary dysfunction

Implantable elements

Methods of preparation of nano species

Efficient delivery systems to cross barriers
