

CALL FOR PAPERS

ICSCI 2022
Aug 23-24, 2022
Kuala Lumpur, Malaysia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSCI 2022 : International Conference on Social Collaborative Internet is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Social Collaborative Internet. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Social network collaboration paradigms
Social network use by Law Enforcement Agencies
Social networks in the Health sector
Volunteerism in social media
Social network analysis and mining
Computational social networks

Security and privacy in social networks
Trust management in social networks
Next generation of social networks
Social Internet of things
Social network of intelligent objects
Machine to machine social networking
