

CALL FOR PAPERS

ICVMVD 2022
Aug 23-24, 2022
Kuala Lumpur, Malaysia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICVMVD 2022 : International Conference on Volcano Monitoring and Volcanic Disasters is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Volcano Monitoring and Volcanic Disasters. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Volcano monitoring
Eruption precursors
Forecasting
Risk communication

Volcano monitoring and risk
reduction
Volcano hazards and preventing
volcanic disasters
Geophysical and geochemical signals
New methods and future trends in
seismological volcano monitoring
