

# CALL FOR PAPERS

**ICCUENUT 2022**  
**Aug 19-20, 2022**  
**London, United Kingdom**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCUENUT 2022 : International Conference on Creative Urban Environments and New Urban Technologies is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Creative Urban Environments and New Urban Technologies. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Creative urban environments  
Urban technologies  
Innovation creativity and urban regions  
Land use regulation  
Municipal policy goals  
Social networking  
Urban resource innovations

Urban services and infrastructure  
Urbanization  
New paradigms and perspectives  
Urban density, creativity, and innovation  
Cultural planning for urban development and creative cities  
Urban development and the politics  
Regional development and creative regions
