

CALL FOR PAPERS

ICPSD 2022
Aug 16-17, 2022
Tokyo, Japan

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPSD 2022 : International Conference on Petroleum and Sustainable Development is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Petroleum and Sustainable Development. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Development and Utilization of Solar Energy
Development and Utilization of Biomass Energy
Development and Utilization of Wind Energy
Nuclear Energy Engineering
Storage Technology
Energy-saving Technology
Hydrogen and Fuel Cell
Energy Materials
Energy Chemical Engineering
Energy Security and Clean Use
New Energy Vehicles, Electric Vehicles
Energy-efficient Lighting Products and Technologies
Green Building Materials and Energy-saving Buildings

Environmental Chemistry and Biology
Environmental Materials
Environmental Safety and Health
Environmental Planning and Assessment
Environmental Analysis and Monitoring
Environmental Engineering
Pollution Control Project (Air, Water, Solid)
Waste Disposal and Recycling
Water supply and drainage engineering
Noise and Vibration Control
Clean Production Process
Hydrology and Water Resources Engineering
Architectural Environment & Equipment Engineering
