

CALL FOR PAPERS

ICNCE 2022
Aug 05-06, 2022
Vancouver, Canada

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNCE 2022 : International Conference on Neural and Cognitive Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Neural and Cognitive Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Neuroimaging
Brain-Computer and Brain-Machine
Interfaces
Neural Computation and Modeling
Neuro-Nanotechnology
Neural Prostheses

Neuro-Robotics
Cognitive Engineering and Science
Deep Brain Stimulation
Rehabilitation Engineering
