

CALL FOR PAPERS

ICDRMRA 2022
Aug 12-13, 2022
Venice, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDRMRA 2022 : International Conference on Financial Risk Measurement and Risk Assessment is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Financial Risk Measurement and Risk Assessment. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Financial risk management	Financial instruments accounting
Credit risk measurement and management	Insurance risk assessment
Operational risk measurement and management	Basel II and Solvency II transformation
Market and liquidity risks	Quantitative evaluation and management of portfolio risks
Economic capital management	Financial engineering
Capital adequacy and regulatory services	Risk management in transactions
Actuarial services and financial statement support	Finance and treasury management and transformation
Commodity and energy risk management	Asset management
