

CALL FOR PAPERS

ICALITS 2022
Aug 23-24, 2022
Kuala Lumpur, Malaysia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICALITS 2022 : International Conference on Adaptive Learning in Intelligent Tutoring Systems is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Adaptive Learning in Intelligent Tutoring Systems. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Intelligent tutoring systems
Artificial intelligence and
education
Components for intelligent tutoring
systems
Adaptive learning in intelligent
tutoring systems
Modeling in intelligent tutoring
systems
Reinforcement learning
Mobile intelligent tutoring system
Early mechanical systems
Early electronic systems
Microcomputers and intelligent
systems
Modern intelligent tutoring system

Structure
Design and development methods
Use in practice
Applications
Education
Corporate training and industry
Effectiveness
Limitations of student control
Learning feedback in intelligent
tutoring systems
Machine learning methods for
intelligent tutoring systems
