

CALL FOR PAPERS

ICIMD 2022
Aug 23-24, 2022
Kuala Lumpur, Malaysia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICIMD 2022 : International Conference on Intelligent Mechanical Design is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Intelligent Mechanical Design. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Intelligent mechanical engineering
Mechanical engineering and
intelligent systems
Intelligent mechanical design and
manufacturing
Robotics and intelligent mechanical
systems
Robotics and intelligent sensors
Intelligent machinery systems

Computer technology in analyzing
and systematizing functions
Knowledge information processing
Visual information processing
Biological information processing
Mechanical modeling and sports
dynamics
Manufacturing engineering
