

CALL FOR PAPERS

ICLIER 2022
Aug 23-24, 2022
Kuala Lumpur, Malaysia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICLIER 2022 : International Conference on Localized Irrigation and Ecological Restoration is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Localized Irrigation and Ecological Restoration. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Localized irrigation
Micro irrigation systems
System components
Hydraulic design of
micro-irrigation systems
Localized irrigation technology
Emission devices
Microtubing
Fixed flow drip emitters

Adjustable drip emitters
Micro-sprinklers
Ecological restoration and
phytoremediation projects
Water conservation and regulations
Monitoring soil water
Localized irrigation management
Sustainable Localized irrigation
management
Drip irrigation for agriculture
