

# CALL FOR PAPERS

**ICMEAM 2022**  
**Aug 23-24, 2022**  
**Kuala Lumpur, Malaysia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMEAM 2022 : International Conference on Microwave Energy Applications and Melting is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Microwave Energy Applications and Melting. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Microwaves  
H-field  
E-field  
Hybrid processing  
Sintering  
Melting  
Waste processing

Metals  
Ceramics  
Polymers  
Nanoparticles  
Composites  
Minerals  
Waste processing
