

CALL FOR PAPERS

ICNCPN 2022
Aug 23-24, 2022
Kuala Lumpur, Malaysia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNCPN 2022 : International Conference on Neuro Chemistry and Practical Nanotoxicology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Neuro Chemistry and Practical Nanotoxicology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Studies at cellular and molecular level
Neuro degenerative diseases and their models
Phenylalanine hydroxylase (PAH) pathway
Trans-sulfuration pathway
Trans-sulfuration pathway
Apoptosis
Autophagy
Hyper sensitivity reactions and its deliberate effects
Peripheral immune response
Chronic stress
Traumatic brain injury
Immune dysregulation of the brain
Antidepressant supplements

Long term potentiation
NSAID's and glucocorticoids
Peripheral neuro anatomy
Sensory level stimulation
Sub sensory level stimulation
Motor level stimulation
High pass filtering
Digital sampling
Electro analgesia
Genitourinary dysfunction
Implantable elements
Methods of preparation of nano species
Efficient delivery systems to cross barriers
