

# CALL FOR PAPERS

**ICSCI 2022**  
**Aug 23-24, 2022**  
**Kuala Lumpur, Malaysia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSCI 2022 : International Conference on Social Collaborative Internet is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Social Collaborative Internet. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Social network collaboration paradigms  
Social network use by Law Enforcement Agencies  
Social networks in the Health sector  
Volunteerism in social media  
Social network analysis and mining  
Computational social networks

Security and privacy in social networks  
Trust management in social networks  
Next generation of social networks  
Social Internet of things  
Social network of intelligent objects  
Machine to machine social networking
