

CALL FOR PAPERS

ICETS 2022
Aug 09-10, 2022
Lagos, Nigeria

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICETS 2022 : International Conference on Energy and Thermal Sciences is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Energy and Thermal Sciences. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Sustainable and Renewable Energy
Green Energy and Green
Technologies
Energy Conversion
Energy Generation and Transmission
Clean Energy Technology
Environmental Engineering
Climate Change Issues
Energy Economy and Policy
Experimental Techniques and
Instrumentation
Combustion, Propulsion and
Emissions
Power Plants and Power Generation
Refrigeration and Air-conditioning
Turbomachinery

Heat Management
Heat and Mass Transfer
Measurement Techniques and Thermal
Properties
Heating and Drying
Thermal Behavior of Manufacturing
systems
Thermal Management
Experimental Fluid Dynamics
Computational Fluid Dynamics
Boundary Layer and Free Surface
Flows
Aero-elasticity Applications
Flow Control and Diagnostics
High-Speed Flows
Microfluidic and Nano Applications
