

CALL FOR PAPERS

ICLASW 2022
Aug 19-20, 2022
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICLASW 2022 : International Conference on Laboratory Animal Science and Welfare is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Laboratory Animal Science and Welfare. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Laboratory animal welfare
Laboratory animal care
Infections in laboratory animals
Contemporary issues in laboratory animal welfare
Regulations, policies, and guidelines for laboratory animal welfare
Animal welfare assessment
Welfare of animals in cancer research
Implementation of assessment standards
Animal welfare science and euthanasia

Animal environments and their impact on laboratory animal welfare
Reduction and refinement in studies using animals
Animal welfare considerations in biomedical research and testing
Nonhuman primate welfare in the research environment
Dog and cat welfare in a research environment
Agricultural animal welfare
Birds as laboratory animals
Welfare of laboratory fishes
