**Aug 30-31, 2022**  
**Moscow, Russia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICIMSE 2022 : International Conference on Industrial and Manufacturing Systems Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Industrial and Manufacturing Systems Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Industrial and Systems Engineering  
Research  
Production Systems and Logistics  
Manufacturing Systems Engineering  
Advanced Manufacturing  
Health Systems Engineering  
Human-System Engineering  
Production Systems  
Systems Analysis and Optimization  
Systems Engineering  
Ergonomics and Innovation  
Product Design and Development  
Industrial Management  
Data Engineering

Quality Systems  
Operations Research  
Maintenance and Reliability  
Decision Analysis and Methods  
E-Business and E-Commerce  
Engineering Economy and Cost  
Analysis  
Engineering Education and Training  
Global Manufacturing and  
Management  
Healthcare Systems and Management  
Human Factors  
Information Processing and  
Engineering  
Intelligent Systems  
Manufacturing Systems
