

# CALL FOR PAPERS

**ICWSUDUCE 2022**  
**Aug 23-24, 2022**  
**Rome, Italy**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICWSUDUCE 2022 : International Conference on Water Sensitive Urban Design in Urban and Civil Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Water Sensitive Urban Design in Urban and Civil Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Active Transportation  
Architectural and Urban Design  
Architecture, Building and Planning  
Architecture and Landscape Architecture  
Biodiversity: Wildlife Habitat and Linkage  
Cities, Green Infrastructure and Health  
Contemporary Urban Environment  
Contemporary Urban Transformations  
Creative City-building Initiatives  
Designing Green and Blue Infrastructure to Support Healthy Urban Living  
Designing Operative Landscape Structures for the Built Environment  
Designing the Future of Urban Living  
Ecological Design of Urban Landscapes

Economic Value of Green Infrastructure  
Ecosystem Management  
Environment and Planning  
From Local-specific to Global-regional Interventions  
Global Urban Design and Planning  
Gray and Green Infrastructure for Increased Urban Resiliency  
Green Infrastructure  
Green Infrastructure and Community Design  
Green Infrastructure and Issues in Managing Urban Stormwater  
Green Infrastructure and Low Impact Development  
Green Infrastructure and Renewable Energy  
Green Infrastructure and Sustainable Drainage Systems  
Green Infrastructure and Sustainable Site Design
