

CALL FOR PAPERS

ICAEAAI 2022
Aug 16-17, 2022
Tokyo, Japan

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAEAAI 2022 : International Conference on Automation Engineering in Agriculture and Artificial Intelligence is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Automation Engineering in Agriculture and Artificial Intelligence. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Robotics
Machine-Vision
Computer-Vision
Stereo-Vision
Automation
CNC
Computer Numerical Control
Artificial Intelligence
AI
DNN
Deep Neural Networks
Convolutional Networks
Tensor-Flow

YOLO
Caffe
Dark-Flow
Dark-Net
Radar
Lidar
Sensors
Instrumentation
Acoustics
Spectroscopy
Soil, vegetation, air and water
sensors
Livestock sensors
On the go sensing
