

CALL FOR PAPERS

ICHAPS 2022
Aug 16-17, 2022
Tokyo, Japan

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICHAPS 2022 : International Conference on Heuristics Algorithms in Power Systems is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Heuristics Algorithms in Power Systems. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Constructive heuristic algorithms
Heuristic algorithms
Genetic algorithms
Particle swarm algorithms
application
Tabu search

Simulated annealing
Variable neighborhood search
GRASP
Ant algorithms
