

CALL FOR PAPERS

ICPASS 2022
Aug 16-17, 2022
Tokyo, Japan

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPASS 2022 : International Conference on Performance Analysis in Sports Science is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Performance Analysis in Sports Science. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Performance analysis in sport
Performance indicators in sport
Teams' dynamics in sport competitions
Performance profiling in sport competitions and trainings
The home advantage phenomenon
Integrated performance analysis: physical, technical and tactical

Perturbations and criticality in sport performance
Sport analytics and performance
The role of the coach on the players and teams' performances
The referee and its performance
Performance management, forecasting and evaluation
Personality traits measurement (mental toughness, coping strategies)
