

# CALL FOR PAPERS

**ICPSD 2022**  
**Aug 16-17, 2022**  
**Tokyo, Japan**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPSD 2022 : International Conference on Petroleum and Sustainable Development is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Petroleum and Sustainable Development. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Development and Utilization of Solar Energy  
Development and Utilization of Biomass Energy  
Development and Utilization of Wind Energy  
Nuclear Energy Engineering  
Storage Technology  
Energy-saving Technology  
Hydrogen and Fuel Cell  
Energy Materials  
Energy Chemical Engineering  
Energy Security and Clean Use  
New Energy Vehicles, Electric Vehicles  
Energy-efficient Lighting Products and Technologies  
Green Building Materials and Energy-saving Buildings

Environmental Chemistry and Biology  
Environmental Materials  
Environmental Safety and Health  
Environmental Planning and Assessment  
Environmental Analysis and Monitoring  
Environmental Engineering  
Pollution Control Project (Air, Water, Solid)  
Waste Disposal and Recycling  
Water supply and drainage engineering  
Noise and Vibration Control  
Clean Production Process  
Hydrology and Water Resources Engineering  
Architectural Environment & Equipment Engineering
