

# CALL FOR PAPERS

**ICSAMVP 2022**  
**Aug 16-17, 2022**  
**Tokyo, Japan**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSAMVP 2022 : International Conference on Small Animal Medicine and Veterinary Pathology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Small Animal Medicine and Veterinary Pathology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Small animal medicine	Small animal transportation
Differential diagnosis in small animal medicine	Small animal nutrition
Small animal surgery	Small animal diseases
Small animal behavioral medicine	Small animal breeding
Veterinary science and medicine for small animals	Small animal behavior
Small animal health and welfare	Veterinary care and management for small animals
Production of small animals
