

# CALL FOR PAPERS

**ICSBE 2022**  
**Aug 16-17, 2022**  
**Tokyo, Japan**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICSBE 2022 : International Conference on Sport and Biomedical Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Sport and Biomedical Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biomaterials, Cellular and Tissue Engineering, Artificial Organs  
Biomedical Engineering for Audiology, Ophthalmology, Emergency and Dental Medicine  
Bio-signal Processing  
Cardiology and Cardiovascular diseases  
Computer Sciences in Sport and Exercise Science  
Diagnostic and Therapeutic Instrumentation, Clinical Engineering  
Diagnostic Imaging  
Image Processing, Biosignal Processing, Modelling and Simulation, Biomechanics  
Information and Communication in Medicine, Telemedicine and e-Health  
Instruments in Sport and Exercise Science  
Materials in Sport and Exercise Science  
Micro- and Nanosystems in Medicine, Active Implants, Biosensors  
Neuroengineering, Neural Systems, Rehabilitation and Prosthetics

Neurology, Neurosurgery and Rehabilitation  
Oncology  
Radiation Oncology  
Radiation Protection and Dosimetry, Biological Effects of Radiation  
Radiology and Nuclear medicine  
Rehabilitation Engineering  
Sport and Exercise Science  
Sport Biomechanics  
Sport Equipments and Shoes  
Sport Spaces Architecture  
Surgery and Intervention  
Surgery, Minimal Invasive Interventions, Endoscopy and Image Guided Therapy
