

# CALL FOR PAPERS

**ICNCE 2022**  
**Aug 05-06, 2022**  
**Vancouver, Canada**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICNCE 2022 : International Conference on Neural and Cognitive Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Neural and Cognitive Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Neuroimaging  
Brain-Computer and Brain-Machine  
Interfaces  
Neural Computation and Modeling  
Neuro-Nanotechnology  
Neural Prostheses

Neuro-Robotics  
Cognitive Engineering and Science  
Deep Brain Stimulation  
Rehabilitation Engineering
