

CALL FOR PAPERS

ICAM 2022
Sep 06-07, 2022
Prague, Czechia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAM 2022 : International Conference on Advanced Mycology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advanced Mycology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Advanced Mycology	Mycobacterium
Fungal immunology	Mushrooms
Mycology diversity	Lichens
Structure	Mycotoxicology
Mode of nutrition	Veterinary mycology
Beneficial and harmful effects	Food mycology
Source of fungus	Fungal biotechnology
Enzymes and their types	Industrial mycology
Systematics	Medical mycology
Phylogeny and evolution	Bacterial-fungal interactions
Fungal identification and quantification	Fungal pathogens
Fungi and ecosystem functioning	Clinical mycology
Ecology and mycology
