

CALL FOR PAPERS

ICAM 2022
Sep 06-07, 2022
Prague, Czechia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAM 2022 : International Conference on Advanced Mycology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advanced Mycology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Advanced Mycology
Fungal immunology
Mycology diversity
Structure
Mode of nutrition
Beneficial and harmful effects
Source of fungus
Enzymes and their types
Systematics
Phylogeny and evolution
Fungal identification and quantification
Fungi and ecosystem functioning
Ecology and mycology

Mycobacterium
Mushrooms
Lichens
Mycotoxicology
Veterinary mycology
Food mycology
Fungal biotechnology
Industrial mycology
Medical mycology
Bacterial-fungal interactions
Fungal pathogens
Clinical mycology
