

CALL FOR PAPERS

ICBBN 2022
Sep 06-07, 2022
Prague, Czechia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBBN 2022 : International Conference on Biotechnology, Bioengineering and Nanoengineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Biotechnology, Bioengineering and Nanoengineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biotechnology, Bioengineering and Nanoengineering
Animal Biotechnology
Biocatalysis technologies
Biofuels
Bioinformatics
Biological Systems and Models
Biomaterials
Biomedical and Biological Sensors
Biomedical Data Engineering
Biomedical Image Processing and Analysis
Biopolymers
Bioprocesses; Biocatalysis; and
Environmental Biotechnology
Biosafety issues and bioethics

Biotechnological innovations
Body\'s and Cell\'s Bio-signatures
Cell and Tissue Culture
Cell Engineering
Computer Assisted Intervention Systems
Design and scale up of bioprocesses
Engineering Models in Bio-Medicine
Environmental Biotechnology
Food Biotechnology and Bioengineering
Genomics
Medical Robotics
Micro and Nanoengineering
Micro and Nanofabrication
