

CALL FOR PAPERS

ICFFGF 2022
Sep 06-07, 2022
Prague, Czechia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFFGF 2022 : International Conference on Forest Finance and Global Forestry is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Forest Finance and Global Forestry. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Forest finance
Sustainable forest finance
Forest finance and taxation
Forest finance and sustainability
Forest finance and strategic planning
Forest management decisions
Sustainable financing for forest and landscape restoration
Forest management and planning
Climate change and worldwide implications for businesses and investors
Sustainable forest finance and investment

Strategies and innovative financing mechanisms for forestry investing
Managing risks and returns within global forestry
Sustainability criteria, standards and certification for forestry and biomass
Promoting investments in productive forests
Achieving green growth and climate goals
The future for forestry and its role as a sustainable solution
Recent developments in policy, economics and financing in forestry
New investment opportunities and risks
Leadership in domestic forest finance
