

CALL FOR PAPERS

ICHADA 2022
Sep 06-07, 2022
Prague, Czechia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICHADA 2022 : International Conference on Healthcare Architecture, Design and Aesthetics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Healthcare Architecture, Design and Aesthetics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Healthcare architecture and design
Sustainable healthcare
architecture
Indoor environment quality
Sick building syndrome
The culture for the future of
healthcare architecture
Analysis of healthcare design
projects
Design strategies for healthcare
architecture
Modern healthcare architecture
Innovative healthcare design and
construction planning
Sustainability in healthcare
design

Principle and secondary aesthetic
design factors
Aesthetic guidelines for healthcare
design
Healthcare architecture and design
codes and standards
Aesthetics considerations in
healthcare architecture and design
Environmentally compatible
healthcare architecture and design
solutions
Impacts of innovative materials in
healthcare architecture and design
Architecture, construction and
environmental engineering
Structure plans, specifications and
estimate development
Structure types and components
