

# CALL FOR PAPERS

**ICHADA 2022**  
**Sep 06-07, 2022**  
**Prague, Czechia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICHADA 2022 : International Conference on Healthcare Architecture, Design and Aesthetics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Healthcare Architecture, Design and Aesthetics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Healthcare architecture and design  
Sustainable healthcare  
architecture  
Indoor environment quality  
Sick building syndrome  
The culture for the future of  
healthcare architecture  
Analysis of healthcare design  
projects  
Design strategies for healthcare  
architecture  
Modern healthcare architecture  
Innovative healthcare design and  
construction planning  
Sustainability in healthcare  
design

Principle and secondary aesthetic  
design factors  
Aesthetic guidelines for healthcare  
design  
Healthcare architecture and design  
codes and standards  
Aesthetics considerations in  
healthcare architecture and design  
Environmentally compatible  
healthcare architecture and design  
solutions  
Impacts of innovative materials in  
healthcare architecture and design  
Architecture, construction and  
environmental engineering  
Structure plans, specifications and  
estimate development  
Structure types and components
