

CALL FOR PAPERS

ICLBGI 2022
Sep 06-07, 2022
Prague, Czechia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICLBGI 2022 : International Conference on Loss of Biodiversity and Global Issues is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Loss of Biodiversity and Global Issues. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Global biodiversity
Biodiversity on planet Earth
Drivers that affect biodiversity
Measuring diversity
Known species
Taxonomic diversity
Species diversity
Ecological diversity
Morphological diversity
Genetic diversity
Estimates of total number of species
Global biodiversity indices
Importance of biodiversity

Background extinction rate
Extinction and speciation
Biodiversity
Biological diversity
Evolution and history
