

# CALL FOR PAPERS

**ICMBD 2022**  
**Sep 06-07, 2022**  
**Prague, Czechia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICMBD 2022 : International Conference on Modern Building and Design is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Modern Building and Design. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Modern building design  
Modern building design tools and strategies  
Modern building design processes  
Low-carbon modern design strategies, planning and management  
Carbon management and low-carbon buildings  
Built environment

Architectural theories for modern building design  
Architectural design  
Modern building technologies  
Modern building design, energy and sustainability  
Aesthetics and landscape
