

CALL FOR PAPERS

ICTFESFM 2022
Sep 06-07, 2022
Prague, Czechia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICTFESFM 2022 : International Conference on Tropical Forest Ecosystems and Sustainable Forest Management is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Tropical Forest Ecosystems and Sustainable Forest Management. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Tropical forest ecology
Tropical forest ecosystems
Tropical forests and their
biodiversity
Conservation and management
Forest structure and composition
Sustainable forest management,
conservation, and rehabilitation
strategies
Lowland equatorial evergreen
rainforests
Moist tropical seasonal forest
Montane rainforests
Flooded rainforests
Forest structure
Forest floor
Ecology

Climate
Soil types
Nutrient recycling
Buttress roots
Forest succession
Biodiversity and speciation
Interspecific competition
Human dimensions
Habitation
Indigenous peoples
Resources
Cultivated foods and spices
Threats
