

# CALL FOR PAPERS

**ICWBPREA 2022**  
**Sep 23-24, 2022**  
**Vancouver, Canada**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICWBPREA 2022 : International Conference on Web-Based Rapid Prototyping and Engineering Applications is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Web-Based Rapid Prototyping and Engineering Applications. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Web-based rapid prototyping  
Web-based product design and development  
Web-based manufacturing systems and technologies  
Software engineering applications for web-based rapid prototyping  
Web-based rapid prototyping of digital systems

Automated manufacturing process  
Distributed web platforms  
Computer-aided design and manufacturing  
Software development  
3D printing technologies
