

CALL FOR PAPERS

ICEI 2022
Sep 16-17, 2022
Amsterdam, The Netherlands

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEI 2022 : International Conference on E-Infrastructure is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of E-Infrastructure. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

- E-infrastructure
- Digital infrastructures
- Computer systems and technologies
- Digital technologies
- Future digital infrastructure
- Digital infrastructure planning and implementation

- Information and communication technologies
- Digital infrastructures for scientific research
- Digital infrastructures for business
- Digital infrastructures in management
- Digital infrastructure for health systems
