

# CALL FOR PAPERS

**ICACGA 2022**  
**Sep 06-07, 2022**  
**Prague, Czechia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICACGA 2022 : International Conference on Agrochemicals and Chemical Growth Agents is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Agrochemicals and Chemical Growth Agents. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Sustainability of crop production,  
processing and consumption  
Agricultural biotechnology  
Field crops  
Land and water management  
Technology and sustainable  
agriculture best practices  
Private and public sectors  
collaboration in agriculture  
technology development  
Climate change impacts, mitigation  
and adaptation  
Renewable energy sources and  
sustainable agriculture  
Resiliency of agriculture crops  
with climate change  
Fruits and citrus  
Greenhouses and horticulture  
Agricultural buildings  
Classes of plant hormones

Hormones and plant propagation  
Agricultural machinery  
Fertilisers and chemicals  
Irrigation and water management  
Plants, seeds and propagation  
materials  
Plant protection and fertilization  
Post harvest treatment  
Nanotechnologies in agriculture  
Food price volatility and market  
instability  
Animal conservation and  
sustainability  
Livestock, dairy farming and small  
ruminants  
Veterinary and feeding system  
Poultry farming
