

# CALL FOR PAPERS

**ICBBN 2022**  
**Sep 06-07, 2022**  
**Prague, Czechia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBBN 2022 : International Conference on Biotechnology, Bioengineering and Nanoengineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Biotechnology, Bioengineering and Nanoengineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biotechnology, Bioengineering and Nanoengineering  
Animal Biotechnology  
Biocatalysis technologies  
Biofuels  
Bioinformatics  
Biological Systems and Models  
Biomaterials  
Biomedical and Biological Sensors  
Biomedical Data Engineering  
Biomedical Image Processing and Analysis  
Biopolymers  
Bioprocesses; Biocatalysis; and  
Environmental Biotechnology  
Biosafety issues and bioethics

Biotechnological innovations  
Body\'s and Cell\'s Bio-signatures  
Cell and Tissue Culture  
Cell Engineering  
Computer Assisted Intervention Systems  
Design and scale up of bioprocesses  
Engineering Models in Bio-Medicine  
Environmental Biotechnology  
Food Biotechnology and Bioengineering  
Genomics  
Medical Robotics  
Micro and Nanoengineering  
Micro and Nanofabrication
